

"GENERIC" TRADEMARK ISSUES CAUSED BY NOMINET'S PROPOSAL FOR .UK

NOTES

- In each example below, the trademark is for the exact word/phrase in the domain.
- All trademarks are for purely descriptive words and phrases, not "coined" brands
- "Locked out of TM auction" means that Nominet would hold an auction for the .uk domain and the .co.uk owner can't participate
- "Lose to TM holder" means Nominet would automatically grant the .uk domain to the single TM holder for that term
- "TM auction" means the owner of the .co.uk would have to battle at auction with other TM holders to get their .uk
- Trademark information was verified using the online search tool at <http://www.ipo.gov.uk/tm/t-find/t-find-text/>
- Nominet's proposal is at http://www.nominet.org.uk/sites/default/files/Nominet_FINAL_electronic_form3_0.pdf
